

INTERNSHIP | PROJECT WORK

NÜWIEL is a Hamburg based startup developing electric transportation solutions for last mile logistics.

NÜWIEL is founded in 2016 by Natalia Tomiyama, Sandro Rabbiosi and Fahad Khan. Our vision is to improve air quality in big cities and reduce negative impact of traffic emissions on cities, environment and public health by providing an alternative mobility: **intelligent electric bike trailer**.

We are looking for bright, motivated and enthusiastic students in the field of production and mechanical assembly. The aim is assist in pre-series production of electric vehicles, optimize the design of various mechanical assemblies, as well as design and document suitable processes for mass production.

YOUR MISSION:

- Optimize production line
- Reduce turnaround
- Design new mechanical assemblies

YOU BRING:

- Bachelor's degree in Mechanical, Mechatronic Engineering or equivalent
- Creativity and ability to work with multiple alternatives
- Experience in design-to-cost & manufacturing recommended
- Ability to solve problems in critical situations, working independently and with minimal supervision
- Good English skills

WE OFFER:

- Immense learning and a tech startup experience
- International, supportive and friendly team
- Workshop facilities and office in Hamburg-Harburg
- Room for creativity, own ideas and exploration
- Support in personal and professional development
- Internship, project work, thesis opportunities

Interested? Please send your CV and other relevant documents to sandro.rabbiosi@nuwiel.de.
