

TEST CYCLISTS WANTED

NÜWIEL is a Hamburg based startup developing electric transportation solutions for last mile logistics.

NÜWIEL is founded in 2016 by graduates of the TUHH, NIT and HAW. Our vision is to improve air quality in big cities and reduce negative impact of traffic emissions on cities, environment and public health by providing an alternative mobility: **intelligent electric bike trailer**.

The trailer is fully synchronized with the bicycle, which means it automatically accelerates and brakes. A cyclist makes no additional effort when cycling with the trailer. Among our customers are IKEA, UPS, Airbus, cities and others.

We are looking for motivated and enthusiastic cyclists to test a new model of our trailer. The aim is to run a durability test, assist us in the design optimization as well as preparation of the documentation related to test and vehicle requirements.

YOUR MISSION:

- Perform live tests with a new model of a NÜWIEL-trailer
- Prepare test results and reports
- Assist in preparation documentation related vehicle requirements
- Providing feedbacks and assist in product design optimization
- The job starts on 1. August, min. 3 hours / day

YOU BRING:

- Your bike
- Love for cycling
- Creativity and ability to work with multiple alternatives
- Degree in Engineering is not required but a nice to have
- Ability to solve problems in critical situations and with minimal supervision
- Good English skills

WE OFFER:

- International, supportive and friendly team
- Modern office and workshop facilities in Hammerbrook
- Room for creativity, own ideas and exploration
- Support in personal and professional development
- Internship, project work, thesis opportunities

Interested? Please send your CV and other relevant documents to we@nuwiel.de
