

## TECHNICAL WRITER

NÜWIEL is a Hamburg based startup developing electric transportation solutions for last mile logistics. NÜWIEL is founded in 2016 with a vision is to improve air quality in big cities and reduce negative impact of traffic emissions on cities, environment and public health by providing an alternative mobility: **intelligent electric bike trailer**.

NÜWIEL's patent pending technology enables the trailer to automatically accelerate and brake. A cyclist makes no additional effort when cycling with the trailer, yet carries 150kg. Among our customers are IKEA, UPS, Airbus as well as city councils and residential areas.

We are looking for bright and motivated students to support us with technical documentation and writing starting **asap**.

### YOUR MISSION:

- Prepare a basis for technical documentations such as user manuals, assembly and repair manuals
- Work in close collaboration with engineering and marketing teams
- Communicate with our graphic designer to set up layouts and visual designs of the technical documentations

### YOU BRING:

- Ability to work with technical drawings and to handle CAD-Models
- Technical writing skills
- Prior experience with technical documentation is an advantage
- Degree in Mechanical Engineering, Industrial Engineering or similar is preferred
- Experience with illustrated drawings (but not a must-have)
- Fluent in German and good English skills
- Motivation and willingness to work in a startup environment

### WE OFFER:

- Immense learning and high level of responsibility from day 1
- Dynamic startup environment and growing international team
- Support in personal and professional development
- Brand new modern office and final assembly facility in HafenCity

**SOUNDS INTERESTING?** Please send your CV and relevant documents to [we@nuwiel.de](mailto:we@nuwiel.de)
